

**Policy Title;  
Activation Protocols Mass Casualty Equipment Trailers**

**Policy Purpose;**

To provide an expedient response for requests made for **Mass Casualty Equipment Trailers**

**Policy Partners;**

(Your Agency Here) and the Northeast Colorado RETAC and the Plains To Peaks RETAC

**Criteria for response of Mass Casualty Equipment Trailers**

The request for activation of any MCI Trailer should come from the Incident Commander after receiving appropriate input from on scene personnel. Activation should be considered under the following circumstances:

- 1) A mass casualty event occurs that depletes the local resources of medical equipment;
  - 2) Or the numbers of casualties are estimated to deplete the local resources;
  - 3) Other circumstances deemed appropriate by the Incident Commander
- The **Mass Casualty Equipment Trailers** are equipped for 30 patients; multiples of 30 patients would determine the numbers of trailers needed.
  - The incident commander should contact their PSAP (Communications Center)/who will contact the PSAP (Communications Center) that serves the following entities where the most rapidly available equipment is located.
  - Make sure the request is for the **Mass Casualty Equipment Trailers; do not confuse this trailer with Surge Trailers, Decontamination Trailers etc...**
